### Clean Up.

The members of the Civic League re-  
quest all citizens of Paris to begin now  
cleaning up their premises and beauti-  
fying their lawns. April 2d is to be  
Arbor Day, the time for planting trees  
and improving your premises, but start  
now, so as to have everything in clean-  
liness and beauty by that time. Carry  
away the ash piles, old rubbish and  
everything that is unsightly about your  
business house or home, and by the  
time Arbor Day comes around you will  
have things in first class shape. "Noth-  
ing is more attractive than a clean  
city, and our people will certainly as-  
sist the League in making Paris a  
model one.

### An Invitation.

Having associated myself with Mrs.  
Corne W. Baird I would be glad to see

new ones as possible.

### Prominent Kentuckian Dead.

Maj. Curtis F. Burnam, a prominent  
Kentuckian, died at his home in Rich-  
mond Thursday night in his eighty-  
ninth year. For over sixty years Maj.  
Burnam had been prominent in the  
affairs of Kentucky, and he was at one  
time a member of President Grant's  
Cabinet. He was originally a whig  
and distinctively a Republican, al-  
though he was elected several times in  
a democratic district without opposi-  
tion. Maj. Burnam was one of the  
leading lawyers of Eastern Kentucky  
and was identified with the business  
interests of that section of the State  
for nearly three-quarters of a century.  
He leaves a large family of children,  
who have been prominent in Kentucky  
for years.

### Desirable Building Lots.

Cemetery will sell at public auction 19

offered to the public, on Thursday at  
2 o'clock. Don't fail to attend.

### The First Spring Day.

Sunday, March 21, according to the  
Christian calendar, was the first day  
of spring, which began at 1:05 a. m.  
The beginning of spring is marked in  
the calendar as a period when the ver-  
nal equinox is opposite the autumnal  
equinox and the two together are op-  
posite the summer and winter solstices.  
In other words the equinoxes are the  
two times of the year when the days  
and night are of equal length and the  
solstices are the times in winter  
when the days are the shortest and the  
nights are the longest; in summer the  
day is the longest and the night is  
shortest. On Sunday the sun rose at  
6:05 o'clock and set at 6:12 and during  
the remainder of this week will con-  
tinue to rise two minutes earlier and  
set one minute later each day. Spring  
will end on June 21, on the summer  
solstice, lasting exactly ninety-two  
days, nineteen hours and fifty-two min-  
utes.

### DEATHS.

—Charles R. Redmon, aged 52 years,  
died Friday at his home near Centralia,  
Mo., of a complication of diseases, the  
immediate cause being dropsy.

Mr. Redmon was the son of the late  
Chas. R. Redmon and Elizabeth Trim-  
ble Redmon of this county. He left  
Bourbon county nine years ago and  
purchased a fine farm near Centralia,  
Mo., where he has since resided. A  
telegram announcing his death arrived  
here early Friday morning, and his  
brother, Mr. Castle Redmon, and Mr.  
H. O. James, left immediately for his  
home, arriving in Paris with the re-  
mains yesterday morning, which were  
taken to the residence of Mr. James.

Mr. Redmon was a member of the  
Presbyterian church and highly re-  
spected at his Missouri home, as well  
as in Bourbon, his old Kentucky home.  
He is survived by two children, Chas.  
Bogie Redmon and Miss Anna Belle  
Redmon, both of whom are grown and  
lived at home with their father.

His wife, who preceded him to the  
grave several years ago, was formerly  
Miss Lulie Bogie, of this city, sister of  
Mr. James Bogie, the well-known  
Montgomery county farmer. He is  
survived by a sister, Mrs. Bruce Wha-  
ey, of Chattanooga, Tenn., a brother,  
Mr. Castle Redmon, of Bourbon, a  
half-sister, Mrs. H. O. James, and  
half-brother, John Redmon, of this  
city.

Funeral services were held from the  
residence of H. O. James yesterday  
afternoon at 3 o'clock, conducted by  
Elder Carey E. Morgan, the pastor of  
the Presbyterian church being absent  
from the city. Burial in the family  
lot in the Paris cemetery.

—Mrs. Mary Kelly, wife of John  
M. Kelly, of Lexington, died at St.  
Joseph Hospital, Lexington, Saturday  
morning, after a long illness. Mrs.  
Kelly was before her marriage Miss  
Mary Galvin, of this city. Besides  
her husband four sons survive her,  
they being Messrs. Frank, Harry T.,  
Charles M. and William Kelly.

—James W. McIlvain, aged about 35  
years, son of Mr. J. W. McIlvain, of  
this city died at his home in George-  
town yesterday morning, at 6 o'clock,  
of pneumonia. Mr. McIlvain has many  
friends here, his old home town, who  
will regret to hear of his death, being  
popular with all who knew him. He  
is survived by his wife, formerly Miss  
Hattie Brock, of this city, and two  
children. The funeral and interment  
will take place at Georgetown.

—Miss Lizzie Lawrence, aged about  
60 years, died early Saturday morning,  
at her home, on corner of High and  
Eleventh streets, of a complication of  
diseases. The deceased was a native  
of Harrison county, but had resided in  
Bourbon for the past fifteen or twenty  
years. She had been a consistent  
member of the Christian church for  
many years and a woman of beautiful  
Christian character. She for a  
number of years made her home with  
the late Mrs. J. Q. Ward, and after-  
wards for a number of years with Mr.  
E. F. Clay, Jr.

Funeral services were held Sunday  
afternoon at 1:30 o'clock from the  
residence, conducted by her pastor,  
Elder Carey E. Morgan. The inter-  
ment in Battle Grove cemetery, at  
Cynthiana. The pall-bearers were:  
J. Q. Ward, Catesby Woodford, E. F.  
Clay, Jr., Dr. F. P. Campbell, A.  
Levesque, James McMurry, George  
Ashbrook, Wm. R. Curle and Alfred  
Motch.

—Mrs. Cammie Knapp Jasper, aged  
50 years, passed into eternal sleep Sun-  
day night, at 11:30 o'clock, at the home  
of her sister, Mrs. Wm. Myall, after  
being an invalid for nine years with  
rheumatism. Although being unable  
to walk during that time she had not  
been confined to her bed until about  
two weeks ago, when a change for the  
worse set in, from which she never  
rallied. Only a few minutes before  
the end she was conversing with mem-  
bers of her family, recognizing each of  
them, and then quietly fell into the  
peaceful and restful sleep that awaits  
the true Christian woman that she was.

Since the death of Mrs. Jasper's hus-  
band, Mr. George Jasper, two years  
ago, at Chattanooga, she had made her  
home with her devoted sister, Mrs.  
Wm. Myall, in this city. Friday last  
was the twenty-sixth anniversary of  
her marriage. She is survived by  
two children, Ben Jasper, aged 22  
years, of Chattanooga, and Miss Liz-  
zie Jasper, aged 20, of this city; one  
sister, as mentioned above, and one  
brother, Mr. Ed. Knapp, of Cincinnati.  
Funeral services will be held from  
the residence this, Tuesday afternoon,  
at 3 o'clock, conducted by Elder Carey  
E. Morgan, of the Christian church,  
the deceased having been a consistent  
member of that church for many years.  
The interment will take place in the  
family lot in the Paris cemetery.

### The Ideal Woman.

Dr. Lyman Abbott defines in seven clauses the ideal woman. As the terms may be condensed, they call for a woman who is the slave not of fashion nor the dressmaker, who is not afraid that work will spoil her hands, who wears shoes in which she can walk, thereby getting her color from exercise instead of the rouge-box; who develops her love of beauty in her home, who is "industrious, sympathetic, energetic, enthusiastic, motherly and a true friend."

The doctor's specification demand a great deal, but nothing which should be regarded as supernatural. They contain no references to ability in the art of rhythmic breathing, nor to a yearning for the ballot. Indeed, the required qualities are so homely that they might be the possessions of a woman who had never doubled at an afternoon of bridge, had never considered whether or not she ought to smoke in public, and had never courted the application of the adjective "advanced."

It happens that just as Dr. Abbott's words are before us a free translation in printed of a Berlin paper's tribute to Elena of Italy:

"She is a reincarnation of Esther in her gracious dignity, her moral purity, and her loving deference to her husband, and of Rachel in her affection for her children. With all these traits of historic women, she possesses one quality which is the flower of modern social progress—a broad and active humanitarianism, a desire and a will to help her fellow-beings."

We seem to find, therefore, that the Doctor's ideal is as little a creature of station as of the woman's club. She is the light of many a democratic American home—and she may be a queen.

### Change Inauguration Day.

With the inauguration of Mr. Taft has again been demonstrated the expediency of changing the date when the President takes office. To effect this a constitutional amendment is required. The process of amending the Constitution is slow, and Congress will probably take the first step without further loss of time. Delay may again be fatal if prompt action is not taken while public attention is fixed on the matter.

March 4 did not become the date for the inauguration of President by provision of the Constitution. The Constitutional Convention merely recommended that "the United States in Congress assembled" determine the time. A resolution adopted by that body Sept. 13, 1788, fixed "the first Wednesday in March next" as the date.

Instead of taking the oath of office on March 4, 1789, Washington postponed the ceremony until April 30, but he recognized that by the four-year clause of the Constitution his first term as President ran out on March 4, and in 1793 he took the oath on that date. It was not until the twelfth amendment was declared in force, Sept. 23, 1804, that the "fourth day of March" was specifically named in the Constitution.

No valid reason exists against amending the Constitution in its respect. Many sound reasons favor it. Before Mr. Taft's term expires, inauguration day in 1913 should be moved to a more reasonable date.

### Damage Suits Increasing.

One thing cannot escape the notice of those who attend the sessions of our courts and that is the great increase in the number of damage suits. If accident stumps his toe on a brick

or skins is knee forthwith the city is sued; if an employee of a manufacturer gets hurt, much or little, it is made the basis of a damage suit; if family quarrel results in a separation a suit is brought for alienation of affections. If a man speaks his opinion a little too freely concerning his neighbor he is at once the defendant in a suit for slander, and if a poor newspaper, with no intention to offend publishes something that is not quite true, it will be sued, in a distant county, perhaps for libel. Some of these suits are all right but many of them are wholly without merit. Many of them are due to lawyers who bring suits on the shares as a matter of speculation and with little or no cost to the plaintiff. Another cause is the tendency of the average jury to award damages against a wealthy person or corporation without much consideration of the justice of the claim. Some of this may be necessary, otherwise great corporations in their greed for gain would grow careless of the lives and welfare of their employees, and the instinct of self defense prompts them to a fair degree of care and watchfulness of the comfort and safety of employees. The fact remains, however, that a great percentage of damage suits are brought simply to take a gamblers chance on getting damages in a greater or lesser amount.

### An Honest Lawyer.

In these days when so many lawyers stand ready to accept a retainer or either side and to present an argument in favor of any proposition it is refreshing to find a man who is willing to resign an office rather than enter upon a criminal prosecution which he believes to be unwarranted and dangerous to the public.

Mr. Joseph Kealing, who resigned the office of United States district attorney rather than prosecute in the government libel suit, acted well. Mr. Kealing would have found it embarrassing to have remained in office with the libel suit on his docket, and, plainly, he is not the sort of man who could have made an argument in favor of that unjust cause.

### The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherry bark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and, through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

## An Indigestion Remedy Free

Many people who are otherwise healthy suffer from indigestion, or dyspepsia. When you consider that the stomach and allied digestive organs are the most important organs of the body, it would seem that a disorder there is to be taken very seriously.

Dyspeptics cannot eat the things they like; food sours in the stomach; then chronic constipation begins, or, as is often the case, you have been constipated all along, and the stools are forced and irregular.

But there is no use letting indigestion go until it becomes chronic and undermines your health. It is good advice to suggest to you that you go to your druggist and get a bottle of Dr. Caldwell's Syrup Pepsin, the wonderful cure for stomach, liver and bowel troubles. That is what C. Caldwell, of Carson City, Mich., did and he is well today. Others who did the same and are cured are Ida A. Fortney, of Grand Junction, Tenn.; B. F. Thompson, of Shenandoah, Ia., who actually considers that it saved his life. You can obtain a 50-cent or \$1 bottle of the druggist, and taken according to directions, it will probably be all you need. It is a liquid, acts gently, never gripes, and besides the laxative effect, contains exceptional tonic properties which tone the stomach, and that is what is especially needed in indigestion.

All sufferers from indigestion who have never used Dr. Caldwell's Syrup Pepsin can obtain a free test bottle by writing the doctor. It will be sent direct to your home without any charge. In this way thousands have proven to their own satisfaction Dr. Caldwell's Syrup Pepsin is the very remedy they needed to cure indigestion. When once you use this grand remedy you will throw violent cathartics, tablets, salts, etc., away.

MRS. HENRY SPEARS.  
164t Paris, Ky.

The word "virago," which dictionaries now define as meaning "a bold, impudent, turbulent woman, a termagant," originally signified, both by derivation and in use, just a manly woman, in the sense of a heroine or amazon. When Plautus spoke of a servant maid as a "virago," he merely meant that she was a strapping young woman, and the Romans applied the word with no intention of irreverent rudeness to Diana and Minerva. The Vulgate even has "virago" simply for woman, as the name given by Adam to his helpmate. In Latin the word never became twisted into the unkindly sense that has come about in English.

**Not at the Theater.**  
The absentminded man didn't look up from his paper when the conductor came around. He just felt in his side pocket for his ticket and handed the ticket to the conductor. The ticket, however, was a theater coupon.

"Here," spoke up the conductor rather sharply; "this doesn't go. Come on with the right one."

The absentminded man glanced down over the top of his paper at the coupon.

"Well," he snapped, "that's the coupon off the ticket the man gave me, and I purpose to occupy this seat right through all three acts. You can just—"

Then he came out of the fog and, with a sheepish look, fished out the car ticket.—Cleveland Plain Dealer.

### A Town That Moves Twice Every Year.

Gartok is a trade town in Tibet. During three months of the year it is situated at the place where it is designated on the map. During the other nine months it is not there at all, but is about forty miles farther south at a much lower altitude. Climatic conditions are the cause of this migratory habit. When the heat grows too intense for comfort the whole town packs up and, driving the herds of yaks, sheep and goats, moves up to the higher altitude, and the traders from India at once begin to drift in. Trade continues for three months; then, before the severe Tibetan winter begins, the town moves back again to the warmer climate of the lower altitude and its period of hibernation sets in.

### He Was Very Dull.

He was a very shy young gentleman, and, although Ermyntude had presented him with innumerable opportunities for declaring his love in practical fashion, he could never summon up sufficient courage to take advantage of them.

They were sitting as usual one evening—she on the sofa, he on a chair—with the usual half hour intervals in between remarks, when the climax was reached.

"Isn't it funny," she said, "that the length of a man's arm is the same as the circumference of a lady's waist?"

"Is that so?" said he, mildly interested.

"What do you say if we get a piece of string and see if it's right?"

### House Like Steamship Bridge.

An extraordinary looking dwelling is to be seen at Algaria, near Bilbao, in the north of Spain, and is called "Casa Barco," or "house boat," being built to resemble a steamship's bridge. It was probably erected by a retired sea captain who felt like a fish out of water until he had provided for himself the same environment to which he had been used during his active career at sea. One can imagine the old gentleman taking his evening walk to and fro along the lofty bridge, scanning the surrounding country with a sailor's eye and half inclined now and then to ring for "more speed" or to send an order down the tube to the steersman.

### The Goats of Asia Minor.

The goat more than any other factor has assisted the rural inhabitants of Asia Minor to destroy the magnificent forests which once extended from Smyrna through to Konin, the ancient capital of Karamania. Not only have the peasants and nomads destroyed the timber for the sake of firewood, but they destroyed it also in order that their goats might obtain suitable pasture. And the goats in their turn prevented the new shoots ever after from replacing the trees which had been cut down.

### Languages and Food.

"Languages make me hungry," said the traveled girl. "French makes me crazy for French fried potatoes; Hungarian gets me nutty about goulash; when I hear English spoken as they do it in London, with the broad A, you know, I pine for mutton or lamb with mint sauce, and I never listen to the speaking of German that I don't want sausage."—Exchange.

To take out ink spots use peroxide of hydrogen and wet the goods with it, then put it in the sun for a little while. In about half an hour the ink spots will be gone and the color intact. Peroxide of hydrogen can be used on the most delicate color, and it will take stains out admirably.

### A Homemade Barometer.

Take one-quarter ounce of pulverized camphor, sixty-two grains of pulverized nitrate of potassium and thirty-one grains of nitrate of ammonia and dissolve in two ounces of alcohol. Put the solution in a long, slender bottle, closed at the top with a piece of bladder containing a pin hole to admit air, says the Metal Worker. When rain is coming the solid particles will tend gradually to mount, little crystals forming in the liquid, which otherwise remains clear. If high winds are approaching the liquid will become as if fermenting, while a film of solid particles forms on the surface. During fair weather the liquid will remain clear and the solid particles will rest at the bottom.

**Writes Letter Which May Be of Great Interest to Skin Sufferers of this City.**

"My twelve-year-old daughter had been suffering with an aggravated form of Eczema for more than two years. We had her under the care of the best physicians here. Upon getting no relief, we were induced to try D. D. D. Prescription.

"She was entirely relieved. It has now been more than one year since she ceased to use the remedy, and no sign of the trouble has appeared. I feel very grateful."

What D. D. D. did in this case it ought to do for you. This wonderful remedy is now recognized by the foremost physicians and scientists as the quickest and surest cure for Eczema and skin disease of any nature. This remedy is as safe and pleasant to use as pure water, and is applied directly to the afflicted parts, leaving no bad odor or sticky, salvy substance. The first application gives INSTANT RELIEF, and as far as we have been able to investigate quickly effects the most astonishing permanent cures wherever rightly used.

### New Paper.

The first issue of the American Society of Equity News, of Winchester, reached us Friday. It is a twelve-page, four column paper, neatly printed and well edited, and could not be otherwise with Lucien Becker as editor, assisted by J. C. Lary, formerly of this city. As its name indicates, it is devoted to the interests of the Burley Tobacco district, but incidentally it contains much else that is of interest to farmers generally. We wish it abundant success.

### What Railroads Must Do.

In an opinion which was given to the Secretary of State's office Tuesday, Judge John F. Lockett, Assistant Attorney General, holds that a foreign railroad need only file copies of its articles of incorporation with the Secretary of State at Frankfort and need not incorporate under the laws of Kentucky. There was some doubt as to the law on this subject on account of what seems to have been a mistake in the statutes.

### Three Clerks Short.

In two reports which were filed with the Governor Friday afternoon, M. H. Thatcher, State Inspector and Examiner, says that three clerks have been found short in their accounts with the State, but have paid up in full. The amounts in every instance were small. Mr. Thatcher again calls attention to the failure to collect the tax on circus.

### JOHNSON & MADDEN.

—The graduating recital of Miss Katherine Miller at the Millersburg Female College Friday evening was good and well attended. Miss Miller was assisted by Misses Ethel Fisher and Earl Brown. Each number was largely enlivened and the work was appreciated by all.

—Little Miss Joy Hardie, the six year old daughter of Dr. and Mrs. Robert Hardie, died on Feb. 10 at Wauson, Korea, after an illness of but a few hours. Five years ago, while Dr. and Mrs. Hardie were in this country for a year's vacation from their Missionary duties in Korea, they placed two of their daughters in the Millersburg Female College, and during the past summer a third daughter was sent here. Appropriate services were held in the chapel of the college Thursday afternoon, conducted by Prof. C. C. Fisher and Rev. T. W. Watts. The family and more especially the young ladies who are so far from their parents, have the sympathy of the entire community.

—The last number of the lyceum course will be Gilbert Atlee Eldridge, impersonator, at the opera house Tuesday evening, March 30, at 8 o'clock. Mr. Eldridge comes highly recommended and is pleasing in every particular. Seats go on sale Saturday morning, March 27, at the drug store of Smith & Wade. General admission 35 cents; reserved seats 50 cents. Mr. Eldridge presents a widely varied, artistic and popular repertoire of costumed impersonations of a high order, changing quickly from humorous to pathetic and dramatic to sentimental representations. He is today one of the most practically certain attractions on the platform. During the last two years he has filled more than two hundred engagements and we have yet to hear of an adverse criticism. His line of work reaches all classes from those who like the subtle humor of good old "David Harum" to the tragedy of "Julius Caesar." We bespeak for him that degree of consideration which we know his merits deserve.

—Millersburg is to enjoy one of the greatest dramatic treats in many years. On Thursday evening, "Lena Rivers" will be presented at the house for the first time. The company is a reputable one, having played a return date in the same season at Lexington last week, which was spoken of with much favor in the Lexington Herald Friday. We are indeed fortunate in securing this company, and could not have done so had it not been that they have an off day Thursday and kindly consented to give us the pleasure of this beautiful play by a good company with scenes in Massachusetts and Kentucky. This is an opportunity not to be slighted, and surely every lover of the drama will make it his or her business to be there and see that your neighbor comes also. We are all thirsty for something good in the dramatic line, and it is coming. Will you take advantage of it? It will be an evening profitably spent fraught with much good and pleasure for all who may be present. Tickets on sale at the drug store of Smith & Wade. Reserved seats 50 cents; general admission 35 cents; children 25 cents.

#### BLUE GRASS LEAGUE NOTES.

The Louisville Times of Saturday contained an excellent half-tone likeness of J. C. Elgin, Jr., of the local club together with the following in the form of a dispatch from this city: "Manager Jeff C. Elgin, Jr. (Big Jeff) of the Paris team of the Blue-grass League, is a real live wire in the business and has come up the line from the ranks of amateurs. He was the star catcher of the M. M. I. team, and was one of the crack's of last year's Lexington team. Jeff is confident of securing his release from the Dayton, O., Club. He thinks Paris will have a winning team. Besides his qualifications as a baseball star, he shines in local society."

The work of tilling the grounds of the Frankfort ball park was begun yesterday and the managers of the club hope to have the grounds in excellent shape by the time for practice, which is on April 8.

#### BASEBALL NOW THE FAVORITE TOPIC.

With the advent of spring base ball has become the topic of conversation. Everything is rounding up for a most successful season and if genuine interest and enthusiasm can pilot a team to victory, Paris is sure to bag the Blue-grass League pennant. The capital stock of the Paris club has all been paid in, twenty highly recommended semi-professional ball players have been signed, out of which the playing strength of the team will be selected, uniforms ordered, grounds selected and orders for playing equipment placed.

Manager J. C. Elgin, Jr., who will be the mainstay of the Paris team behind the bat, is a thoroughly up-to-date man and is sparing no means or efforts to give Paris a high class team and clean all-round sport.

It is recognized that all of the people do not approve of Sunday ball playing, and the management of the Paris team is going to see to it that no objectionable feature are permitted on the grounds, which will at all times be under the strict surveillance of the police, especially the Sunday games.

Considerable work was accomplished last week in preparing the grounds for play, the tearing away of a number of trees and grading. Contracts will be let this week for the building of an eight-foot portable solid board fence around the enclosure, and for the erection of the grand stand. The latter will have a capacity of 500 seats with bleachers for that many more.

Matty Schwab, ground superintendent of the Cincinnati Reds, was here Saturday and laid off the diamond and the work in all departments will be rushed to completion by April 7, when the eight pitchers signed by the club will report for practice.

The Paris team will be seen on the diamond in white suits with white stockings with a four inch black bar.

On the right sleeve will be the letter "P" in white, set in a black diamond. The road suits of the team will be blue gray with black stocking and with a four inch white bar. The word Paris in four inch letters will appear across the shirt front of each player.

Paris is to open the season at Winchester for three games on April 27, 28 and 29. They play their opening game at home on Friday April 30, with Shelbyville, followed by games on Saturday and Sunday, May 1 and 2.

Prior to the opening of the season the club will play a number of exhibition games the first being on April 17, with M. M. I. at Millersburg. The fast team of State University in Lexington will be here on April 21, followed by a game with the Lexington Athletic Club on the same ground on April 23.

#### THEATRICAL.

##### "LENA RIVERS."

While "Lena Rivers" as a play must necessarily be in a degree a replication of country life, and some of its scenes are laid in the little village of Slocumville, Mass., it must not be taken that the work belongs to that type of dramatic production known as the "b'gosh drama." "Lena Rivers" could never be a hayseed play in any sense of the word. Country scenes are shown in the comedy and country types of character are made use of, but there its likeness to rural play ceases. Caroline, Mrs. Graham, Anna and the others are of the beautiful Southern society woman type, and after the first act it is this Southern atmosphere that prevails. It will be seen here at the Paris Grand tomorrow night.

#### Coopers Given Twenty Years.

The jury in the case of D. B. Cooper and Robin J. Cooper, at Nashville Saturday, returned a verdict finding the defendants guilty of murder in the second degree and fixing their penalty at twenty years' imprisonment in the Tennessee penitentiary. Immediately after the verdict was read the defense moved to set it aside because of the verdict of disagreement of Friday, when Sharp was acquitted, and it was announced they could not agree as to the Coopers, and asked the court to declare it a mistrial. Judge Hart said he would listen to arguments on this motion later. He then fixed the defendants' bond at \$25,000 each, which was promptly given, and they were released from custody.

#### Paris Grand Leased.

The Paris Grand Opera House, which has been leased by W. A. Chandler, Harry Booth and L. A. Bell, three popular young business men of this city, will be opened by the new lessees on Monday, April 5th, presenting high-class vaudeville and refined motion picture during the spring and summer season, and book a good line of regular standard attractions for next season.

The vaudeville program will be furnished by the Gus Sun Booking Agency, who are now booking over one hundred first-class houses throughout the country. All motion pictures exhibited will be licensed by the Motion Picture Patents Co. of New York, which was recently organized by the nine leading manufacturers of films to stamp out all undesirable pictures which are now shown by the cheap and low-toned picture shows.

The new lessees will cater to the patronage of the ladies and children and endeavor to establish in Paris what will be known as a refined and first-class place of amusement. They will no doubt be encouraged in their efforts by the public, and should be, for our city needs such a place of amusement as these young men expect to run.

—A dispatch from Maysville on Saturday says: "Twelve hundred hogheads of Equity tobacco were graded and accepted here by Frank Harrington, of Louisville, leaving only 500 more to clean up the local crop of 1907. Warehouse receipts have been redeemed on the amount of over \$800,000, and on April 5, \$450,000 will be paid to the growers, leaving only 20 per cent. more to be paid."

#### Refuses Many Hogheads.

A story comes from Lexington that several independent tobacco firms, who have purchased some of the Burley Society pool last fall, had thrown many hogheads of their purchase back on the hands of the society. By taking advantage of a clause in the contract in reference to the delivery of the tobacco, it is alleged that many independent firms may repudiate their contracts. For this cause, it is said, much delay has occurred in the payment of money due the growers in the pool. This contingency has also had its effect on the proposed pool for the 1909 crop.

On Saturdays and Sundays he will introduce the famous "Official Seal" at five cents straight, at all other days they will be 10 cents or three for 25 cents. ## The Presbyterian Meeting.

The meeting at the Second Presbyterian church continues with increasing interest manifested. Rev. J. Addison Smith, of Richmond, who is assisting the pastor, Dr. Shive, is preaching nightly to large audiences. He is very impressive, eloquent and convincing. He backs up every argument he makes by the scriptures in very forcible manner. There were three confessions at the Sunday morning service, after one of the most powerful sermons on the "Unpardonable Sin." There will be two sermons each day during the week. In the afternoon at three o'clock, and at night singing service will begin at seven o'clock, preaching at 7:30. All are cordially invited to attend.

## A Success.

The one suit plan, which we inaugurated last season was so successful that we have determined to make it a permanent feature of our business. From the number of satisfied customers, we think we are supplying a long-felt want. Besides getting fit, style and durability you get individuality, which only can be gotten only by having your clothes made to order. Never before in the history of clothing has man been given such a wider range of colors in his apparel to select. Our selection is very comprehensive, embracing all the new colorings and shades. We have selected and had made up by some of the leading manufacturers 250 suits, no two of which are alike, in all the new colors and models, including the Fall Mall stripes, Grecian Drabs, Pastel shades, of which greys, blues and greens are the leaders, and innumerable patterns for the more conservative. Come in for a look at this superb selection.

Pleasant games were indulged in after which a delightful lunch was served. The house was beautifully decorated in pink and white. All the little folks enjoyed themselves to the fullest extent. Master Ussery is quite a favorite with everyone. Only six years old, but so manly in his ways that he would do justice to one twice his age.

## Bourbon Circuit Court.

There was little done in Circuit Court Saturday. The whole day being devoted to the trial of the case of Alvin Hicks, vs. Brice Steele, the amount involved being \$89. The jury gave Hicks a judgment of \$36.

The suit of Mrs. Nancy Shropshire vs. G. R. Burbury was compromised by Burbury paying Mrs. Shropshire \$550, this ending all of the litigation between these parties. The only remaining jury case to be tried was W. J. Calvert vs. The Bluegrass Traction Company, which was entered into yesterday. Calvert asked for \$350 damages sustained by an interurban car running into his buggy, smashing the vehicle and killing his horse. Yesterday was devoted to this case.

The Court yesterday afternoon sentenced the following, all colored, to the penitentiary:

Jim Fields, for stealing chickens, three years.

Frank Dumphrey, cutting and wounding with intent to kill, two years.

Arthur Roberts, cutting and wounding with intent to kill, two years.

Noah Williams, malicious shooting and wounding, one year.

John Henry Trigg, stealing chickens, five years.

Geo. Hutsell, housebreaking, one year.

Zep Lee Current, murder, eight years.

Ed. Hurley, striking and wounding, one year.

Bud Warren, murder, eight years.

Mollie Fields false swearing, one year.

The remainder of the week will be taken up with equity cases.

### LIVE STOCK AND CROP NOTES.

—In Montgomery, W. B. Greene has purchased 1,700 hogs for April delivery, paying from 5 1/2 to 6 1/2 cents per pound.

—W. G. McClintock, of this city, shipped last week to the Cincinnati market a mixed load of cattle and hogs, cattle costing him 5 1/2 to 6 1/2 cents per pound.

—Isaac Willmott, of Hutchison, sold his hemp at an average of \$5.87 to Brent Bros., of this city. The yield was an average of 950 pounds per acre.

—In Fleming county a crop of 1909 tobacco has been sold, notwithstanding the fact that the crop is yet to be grown. The seller will put out a large acreage and has agreed to deliver his crop to the purchaser at \$12.50 per 100. It is understood that the purchaser will put the crop in the pool if there is one.

—The nursery men and fruit growers of this section are unanimous in the opinion that this will be a banner fruit year in Central Kentucky. Said a prominent fruit grower: "We have had so much cold weather and chilly snaps so late this year that the sap has not gone well into the buds of the trees as yet and consequently what cold and frost we may have for the next few weeks will not materially affect the buds later. Peaches and other early fruits have not nearly gotten to the stage yet where they could be affected by a chilling frost, and the peach crop this year should be a very prolific one."

—The trunk of a cherry tree on the farm of Alva G. Gray in Washington county, Ind., measures 7 feet in diameter and one limb is 13 feet in circumference. It is 90 feet high and 80 feet from tip to tip. It is claimed that 3,000 people can shelter under its branches. The tree was propagated from stock brought from Germany and bears jet black fruit with an exquisitely fine flavor. Several years ago a chain weighing 400 pounds was placed around the tree at the first fork to prevent its splitting under its enormous weight and as a protection from damage by storms.

—People often wonder, particularly those who have traveled for hundreds of miles through the corn belt, what becomes of the corn which is grown every year, says the Corn Reporter: In the year 1900 when the total crop was 2,666,000,000 bushels, 241,000,000 bushels were consumed in flour and grist mill products, 8,000,000 bushels in the manufacture of starch, 9,000,000 bushels for malt liquors, 17,000,000 bushels in the production of distilled liquors, 43,000,000 bushels for glucose, 190,000,000 bushels for export and 13,000,000 bushels for seed, making a total of 518,000,000 bushels, or 10.3 per cent. of the entire crop. The remaining 80.7 per cent., or 2,148,000,000 bushels, seems to have been used almost entirely for feeding purposes.

Its the greatest healer on earth. Sold by Oberdorfer, the druggist.

### Brown or Yellow Sugar.

A Pure white sugar has been in use for such a long time that few persons of the present generation remember when it was otherwise. Soon, however, it will be changed, for the Pure Food Law decrees that it will have to be changed. Yellow sugar without adulteration or whitening process will take the place of the delicious, beautifully colored pure white sugar. The prospect is that the people of this country will soon be using granulated and other sugars of a distinctly brown or yellow hue, the Pure Food Commissioners have decreed that no mineral "bleaching" substance be used in bleaching it so nice and white for the table and the appetite.

### Prolonged Consultation Expected

While the Payne tariff bill may get through the House in short order and with few changes, the outlook in the Senate is for prolonged consultation and many amendments. Dispatches to Dun's Review indicate  
a gradual improvement in the volume

along conservative lines.

#### Banks Assessed.

No change in the manner of assess-  
ing the banks of the State will be  
made this year. The banks will be as-  
sessed on their capital, surplus and un-  
divided profits, as last year, the valua-  
tion being 80 per cent. instead of par.  
This method of taxation has proved  
satisfactory in the past and the State  
officials thought it wise to continue the  
arrangement.

#### Conference of Governors.

Kentucky stands a good chance to  
get the next meeting of the Confer-  
ence of Governors of all the States,  
and Frankfort has already made the  
first move toward landing the meeting  
for that city. Opposition is expected  
from Louisville, which will probably  
try to secure the meeting, but Frank-  
fort, being the first in the field with  
an invitation to the Governors to meet  
there, will stand the best chance.  
Then, too, Frankfort has a new Cap-  
itol, in which the meetings could be  
held, as an extra inducement to get  
the conference.  
The time and place for the meeting  
of the Governors will be selected by a  
committee of five Governors. Two of

these, Gov. Swanson, of Virginia, and  
Gov. Willson, of Kentucky, will select  
three other Governors to make up the  
full committee. The other three mem-  
bers of the Committee are to be named  
by Gov. Willson and Gov. Swanson in  
a few days. In a short time thereafter  
a meeting of the five Governors will  
be called, probably to be held in Frank-  
fort, when the time and place for the  
next meeting will be decided upon.

#### Paris Girl Attacked by Highway- man.

While returning from her work to  
her boarding house in Dayton, O., Miss  
Margaret Ewalt, of Paris, was attacked  
by a highwayman, who attempted to  
seize her purse. Miss Ewalt is the  
daughter of Mr. and Mrs. J. H. Ewalt,  
of Paris, a handsome young lady and  
had only recently visited her parents in  
this city. The Dayton Journal, in re-  
porting the incident, has the following:  
"Miss Margaret Ewalt, aged 25  
years, head millinery designer at  
Crowl's, was grabbed by a man on  
West Third street about 6:30 o'clock  
Thursday night.  
"Miss Ewalt, whose home is in  
Paris, Ky., has been in Dayton for the  
past two years as a designer. Thurs-  
day evening she left the store at the  
usual time of closing, which is about  
5:30, going to a private boarding house,  
which is next door east of W. C. A.,  
for supper. Having a letter to mail,  
she returned to Trussler's drug store  
in the Algonquin, purchased some  
stamps and posted the letter.  
"Crossing the street she waited in  
front of the Y. M. C. A. for a west-  
bound car. The motorman failed to  
respond to her signal, so she started to  
walk to her home, 522 West Third  
street.  
"After passing Perry street she  
noticed a man who seemed to be fol-  
lowing her, but she gave the matter no  
attention. At the alley, between Per-  
ry and Chestnut street, just east of the  
Standard club, he grabbed her in an  
endeavor to secure her purse. Miss  
Ewalt screamed and wrenched herself  
from the grip of the man. He ran  
north in the alley and disappeared in  
the darkness.  
"The screams of the young woman  
aroused the surrounding neighborhood  
and immediately the residents rushed  
to the scene of the encounter. Miss  
Ewalt, who was prostrate from fright,  
was taken into the home of Jud A.  
Brabac, where she rapidly recovered  
from the shock.  
"The man was white, of medium  
height and wore a light slouch hat and  
a sack coat. There was a little boy  
standing near when it occurred, but I  
do not know who he was or what be-  
came of him," said Miss Ewalt to a  
Journal reporter.  
"Patrolmen Feirstine and Funk were  
soon on the scene, endeavoring to get  
a clue by which they could trace the  
man, but because of the nervous con-  
dition of the frightened woman little  
could be learned. Mrs. Ida Crowl, who  
has had Miss Ewalt in her employ for  
the past two years, was sent for and  
she had the young woman removed to  
522 West Third street.  
"Mrs. Crowl said: 'I cannot speak  
in too high terms of Miss Ewalt. She  
is a model young woman, of very quiet  
and retiring personality. She could  
have done nothing on the street which  
would have cast any suspicions. The

motive of the man must have been rob-  
bery, from what Miss Ewalt has said  
to me. From the meager description  
of the man I hardly think it will be  
possible for the police to arrest him.'  
"Miss Ewalt, while suffering from  
the severe shock, was very much im-  
proved at 11 o'clock."

place of Jefferson Davis, in Christian  
county, into a memorial park for  
Southerners was revived Saturday at  
Hopkinsville. Options on the Davids  
farm expire April 27 and it is request-  
ed that all Confederates and their  
sympathizers interested send their con-  
tributions for the purchase of the Dav-  
is place to S. A. Cunningham, Nash-  
ville, Tenn.

ing of the County Board of Education
